Happy SWEET 16 Paper Garden!!!

You know how the icebreaker game goes... "Never have I ever..." my answer, "ever thought I would be a business owner working with paper for 16 years!" This Labor Day weekend, I celebrate Sweet 16 years in business! I never thought I would actually put down my microphone and pick up a pair of scissors. By the time my beautiful son Miles was born... my career path changed. Fast forward to 2022... Miles turned 17 in June... so the thought of traveling all over the capitol city chasing the top story was no longer my desire, it was trying to figure out ways to become creative yet satisfied and creating a place of business where I can raise my son and be there for him without the need to cook and clean and do laundry (haha!)! Ta-da... the Paper Garden opens for business.

So let us show you how much we appreciate you! You're invited to our birthday party! The festivities begin this Labor day weekend beginning Friday, September 2nd to Monday, September 5th we will have fun make and takes, sweets and treats and best of all.. a special 20% off discount on the entire store! Scroll/read at the

bottom of this newsletter and see the festivities! We can't wait to celebrate with you!

At last... I will say, "Never have I ever.. thought my dream of working with my cousins, my mom, my aunt and becoming wonderful friends with hundreds of my customers ... would indeed... become a reality" – thank you so much... I am on cloud 999!!!!

***a little tidbit about me... I get asked a lot... what is a news story that you will always remember... something you covered... my short answer... it was probably the 1995 Oklahoma City Bombing that killed 168 people. The terrorist attack at the Alfred P Murrah federal building was the first big story that I ever covered. I was working for the FOX tv station in Kansas City and immediately left the station with my photographer not knowing when I would be back... our job was to follow the detection canines a.k.a. sniffers from the Kansas City fire department to see if they could identify live bodies... the dogs worked day and night and so did we... our German Shepherd that we followed only found remains... I remember I cried on air.. and reported on "live tv" breaking down how we, as reporters aren't supposed to get close to our stories or put our emotions into them... this was different. This was real life and innocent lives were lost. I saw grown heroes break down, I proudly wrapped myself around Old Glory because it rained and I didn't have a jacket to keep me warm. I could still see the rubble and what was the federal building today... having my son, a supportive husband and the Paper Garden is a 180 degree turn.. I guess I wrap myself in positive things now... there's nothing like pretty paper, rubber stamps, ink pads, ribbon and wonderful customers!
