Fall Newsletter | Volume 78 | October / November / December 2025

Ken and I definitely feel like empty nesters this semester, each year we look forward to celebrating parents weekend at Boston College, but this year, our son Miles kick started his Junior year with a semester abroad at University of Melbourne. We all took the 17 hour non-stop flight to Melbourne, Australia in August and had a great time touring this beautiful campus and city... and happy to report our golden child is doing great and loves it at the land down under!

In this issue of our newsletter, you will see our classes are packed with so much extras, look for our popular 2026 CD calendar classes, gift tags and holiday inspired card making classes. Too much fun!

A little tid bit about me...

Right after I graduated college, I was a flight attendant for Northwest Airlines and based out of Detroit, Michigan. My longest flight ever to work was heading to Seoul, Korea. 17.5 hours! We had to re-fuel at Honolulu Airport and then continue to the far east... but no one could get off the 747-400! It was a very long flight. We got "1" three hour break and they told us to make sure we sleep because we only get two days in Korea to recuperate and have to travel back to the motor city. I remember thinking dang, I would never go on a flight this long if I had to be a passenger. Well.... I did the long journey and although I love the Aussies, it's just too long to sit in premium coach! It's just another example of how much love we have for our children and what we do for them! Miles... please remember this when I'm on a walker and can't remember your name (smiles).
